Mobile legends cheat sheet

Often, players in Mobile Legends receive gifts, such as skins, diamonds, border, etc. from game developers or famous players or maybe just from a friend. But many players have no idea, to redeem the codes in Mobile Legends. Free redemption codes are often given by Moonton for various events, streams, and sometimes as a bonus through diamond purchases. However, some people may not know how to redeem the codes they get in ML. So here is the step-by-step guide to redeeming the codes in Mobile Legends. Step-by-step guide to harnessing codes in Mobile Legends. 1. Copy your Mobile Legends Open Mobile Legends ID and copy your game ID. For GAME ID, open the in-game profile section. Under the settings, on the right side of the screen, would be the game ID. Copy ID from there 2. Visit the official Mobile Legends code exchange page Open the game code redemption page in your phone's browser by clicking here and filling in the details. You will need to provide the redemption code and game ID. However, if you have a PC, then things will be easier for you as you won't have to switch between the game and the browser again and again. Dashboard of Official Redemption Page 3. Send the verification code After completing the game ID, click the send option to get the verification code. 4. Copy the verification code and paste it on to the redemption page of the ML Code Now, open the in-game email. The verification code would be there under the name of the official website verification email code. 5. Click redeem and get the reward on you inbox game Now go back to the redemption page, fill in the verification code and the redemption code. Upon successful redemption, the player will receive a message saying, 'Send Rewards, please do not redeem again. Players can check the in-game email for rewards for successful redemption. If the luck is bad, then players can receive the message.Limit reached for the number of people who exchange, or This CD key does not exist.
